Many companies have introduced product innovation processes; however they are still struggling to achieve the financial results they expect. This easy-to-read book focuses on innovation productivity and illustrates how to identify waste, streamline the product development process, remove bureaucracy and improve profits. It illustrates the 7 principles of lean, rapid and profitable new product development. North Americas top market performers innovate with 5xs more productivity than the average company. Simply put, they are achieving better results with fewer resources because they are efficient product innovators. New product success is not simply about developing new products that sell; its about getting them to market quickly with the lowest cost and the highest return. Dr. Robert G. Cooper and Dr. Scott J. Edgett use their latest research and draw upon their combined 60 years of experience in the field to show you what the companies that continuously win at new products are doing. Top performers have discovered how to properly balance the need for speed with profitability. With a new process they call NexGen Stage-Gate, Dr. Cooper and Dr. Edgett show precisely how you can ensure that your innovation is not only lean and rapid but profitable as well.
