RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 50 pages. OCLC Number: (OCOLC)123914851 Subject: Logistics -- Management. Excerpt: . The future success of the Army's prepositioning program depends not only on how well the Army aligns its efforts with those of the department as a Major Strategic and whole, but also on how well long-standing management issues are addressed as the new strategic plan is implemented. The Army expects to finalize its implementation plan for the revised Prepositioned Stocks Challenges As It Strategy 2013 by December 31, 2006, but DOD will not complete its departmentwide strategy before mid-April 2007. Further, problems persist and with the Army's management of its secondary item and operational project Implements Its stocks programs, including lingering questions about the overall requirements and the lack of reliable readiness measures for these Prepositioning programs. In addition, the lack of a comprehensive prepositioning storage Program and maintenance facilities plan contributes to increased maintenance costs and uncertain future facility requirements. Finally, the Army has not demonstrated adequate oversight to ensure the proper maintenance condition of prepositioned stocks. The Army is developing a new prepositioning strategy to address recent Alignment...
