HarperCollins Publishers, United Kingdom, 2002. Paperback. Book Condition: New. 196 x 128 mm. Language: English . Brand New Book. Animal mind magic and the psychic power of the natural world - gives you the right to make choices. Betty Shine has spent a lifetime as a healer, giving her a unique insight into everybody's needs and helping her to influence people to be free spirits. But Betty's abilities have also allowed her to strike up the most amazing rapport with animals. She has a remarkable collection of stories to tell of how she has communicated with and healed dogs, cats and horses, how she has found lost pets, saved game birds from slaughter, and even been able to protect people halfway round the world from attack by wild dogs. She also has incredible success with plants, and has cleared insect infestations with the power of thought. Written in the intimate and conversational style of her previous books, this new examination of the power of the mind will be welcomed by both her devoted readers and anyone who has a desire to make our world a better place.
